

Формирование пакета бронирования на основе данных полученных от глобальных дистрибьюторских систем (GDS)

1. Подготовка предварительных данных для формирования запросов к GDS системам (например: дата начала и длительность тура, количество и возрастная характеристика пассажиров, аэропорт вылета, аэропорт/город назначения)

The screenshot shows a GDS reservation system interface. At the top, there are navigation tabs: Dashboard, Monitor, Reservation, Distribution, Product, Services, Fulfillment, CRM, Accounting, and Administrator. Below these are sub-tabs: Easy Booking, Advanced Booking, Reservation Search, and Queue. The main area is titled 'Search and Add Item' and includes sub-tabs for Itinerary, Passengers, Payment, and Confirmation. The current view is 'New Reservation, Channel: TEST, Agency: DIRECT'. The 'Search Criteria' section includes: Service Type (Package selected), Departure Date (2/3/18), From (JFK: New York), Service, Destination* (DUBAIR: Dublin), Condition, Flex date +/-, Price Range, Rooms (1), Duration (8), Promo ID, Adults* (2), Children (0), Infants (0), Group Block, and buttons for Search and Ad hoc. Below this is the 'Advanced Search Criteria' section with fields for Vendor, Meal plan (No preferences), and Country of residence. On the left, there is a 'Recent Reservations' list with columns for reservation number, date, price, and status (e.g., QU, BK).

2. Сервис обработки результатов передает полученные данные в основное приложение, которое формирует несколько вариантов туров с наименьшей стоимостью.

The screenshot shows a 'Package Search Results' window. It displays 45 packages found, showing 1-45. The search criteria are: Destination (DUBAIR), Departure Date (17/5/18), Duration (8), and Departure City (JFK). The results are sorted by Departure date. The packages listed are:

- Ireland's Great Cities**: Dublin Airport, 2/3/18, 5 stars, \$2,740.38, 4 available.
- Dublin-Belfast (Rail)**: Dublin Airport, 2/3/18, 5 stars, \$3,814.10, available upon request.
- Dublin, Cork & Killarney by Rail**: Dublin Airport, 2/3/18, 5 stars, \$3,309.90, available upon request.
- Dublin-Galway (Rail)**: Dublin Airport, 2/3/18, 5 stars.

 The left sidebar contains filters for Price range, Star rating, and Duration range.

3. Отправка запросов в GDS системы с уточненными данными (ФИО пассажиров, конкретные рейс, отель ...)
4. Формирование окончательной брони тура с полученными подтверждениями от GDS систем :
